### **Analysis and Determination**

6. It is my considered view that the only issue that arises for determination is whether the orders sought are merited.
7. I have gone through the annexures on record and interrogated the same. I note the said VKB was born on November 11, 2003 and thus currently, he is 20 years old.
8. The medical report by DR. Roger Hannington Kayo who examined the patient states that he was involved in a Road Traffic Accident on November 13, 2021 and that examination revealed that he has multiple scars on the occipital region and the left elbow; has no sight; and he is totally incapacitated.
9. The doctor formed an opinion that VKB suffered grievous harm and has post traumatic psychosis and will need psychiatric and neurosurgical evaluation and medication. That he is totally incapacitated and will need permanent care. He assessed the degree of permanent disability at 100 %
10. In view of the foregoing, it is my considered view that the orders sought should be granted in the interest of justice. I am satisfied that in pursuance to section 2 of Mental Health Act (MHA) as read together with section 14(3), the patient be medically recommended as a person suffering from Mental disorder whose Affairs and estate require immediately care attention and preservation.
11. In furtherance of section 26 and section 28 of the said Act I accordingly appoint petitioner a manager of the estate of the patient.
12. I further also appoint petitioner a legal guardian of the said patient under the said Act.
13. The final orders are ;
  - i. MC be and hereby appointed as the Manager of the estate of VKB until such a time when he shall be declared sane.
  - ii. MC be and hereby granted full control of the Estate of VKB until such a time that he shall be able to live a normal life
